

Dear Students and Families,

Hope that summer is going well for all! My name is Ms. Scheerhorn and I will be your teacher this year. I am looking forward to meeting all of you in September and having a wonderful school year! I have been teaching at CMA for many years – this will be my tenth! I love this school and am excited to join you on your journey through learning, discovery, and growing independence!

Here is the list of classroom and individual supplies for the coming school year. I wanted to make sure that everyone had enough time to get their supplies before school begins in September – and those sales will start soon! If possible, bring all of your supplies the first week of school and make sure that everything is labeled in permanent marker with your name. Enjoy the summer – relax and HAVE FUN!!!

☺ Ms. Scheerhorn

### **Classroom Supplies**

Each student needs to bring in a \$10 gift card so that we can purchase the following community supplies:

Tissue, paper towel, hand sanitizer, spray cleaner for the tabletops, Clorox disinfectant wipes, zipper bags, loose leaf paper, fish tank supplies, fish food, and Guinea Pig food, bedding, and supplies. We have such limited storage space and this will prevent filling our storage because I will just get things as we need them. Also, students will have less to haul into school that first week.
